

Adding VoiceThread to Blackboard

Instructors will need to manually enable it in a course in order to make the "This Link is a Tool Provider" checkbox appear when they are creating a Web Link to Voice Thread. (Go to Course's Control Panel -> Customization -> Tool Availability and check the 'Available' box next to Basic LTI and click Submit).

Adding VoiceThread Links to Blackboard Courses

For Instructors:

Navigate to Content Area -> Build Content -> "URL" -or- "Web Link." Then follow the steps below for each option.

- Course View
 - Enter "https://iit.voicethread.com/lti/" as the URL.
 - Make sure the option for "This is a link to a Tool Provider" is checked.
 - Save changes.
- Share Link
 - Enter a [VoiceThread share link](#) as the URL.
 - Make sure the option for "This is a link to a Tool Provider" is checked.
 - Save changes.
- MyVoice page
 - Enter "https://iit.voicethread.com/myvoice/" as the URL.
 - Make sure the option for "This is a link to a Tool Provider" is checked.
 - Save changes.
